I think these are intended to ensure communication between Jared and the governor's office and not for a broader purpose. I anticipate that Jane or I will need to stand in for Jared on occasion. Since we are accommodating a request from the gov's office, we likely need to follow their lead on how they want the calls to go down.

Thanks for this info. If the bi-weekly calls that Karla is proposing are re: BDCP (or whatever the revised project is going to be called), I would recommend that BOR be included, since they are the lead fed agency. Maybe Corps, too, given the stated intent that their NEPA needs will also be covered by the supplemental/recirculated EIS.

Kathleen-

You may know already that we are not meeting with the administrator.

I did want to follow up on getting bi-weekly phone calls on our calendar, with you and Jared as available. Let me know who Kim, my assistant, should contact.

Hi Kathleen -

How does 4:30 this afternoon work? I'm traveling Monday, but could touch bases mid-afternoon pacific time.

Thanks...
